PROJECTS

Jelly Hop (Academic / Personal)

Nov – Dec 2024

- Developed a browser-based 2D platformer using PixiJS and JavaScript, featuring physics-based jumping mechanics.
- Designed a smooth camera system that dynamically follows the player while maintaining visibility of upcoming challenges.
- Implemented custom physics, and collision detection, ensuring accurate bounce dynamics and player interactions.

Go Fetch! (Academic)

Feb – April 2024

- Developed a platformer game with 4 teammates, using effective communication and coordination to deliver milestones on time.
- Designed and implemented a game level generation using MonoGames, focusing on player experience and progression balance.
- Designed and implemented a sprite sheet system for animation and environmental tiles, ensuring dynamic interactions.

In Those Days (Personal)

October 2024

- Developed a nostalgic game within 48 hours with a team of five
- Solidified the main narrative and storyboarded cutscenes using Asprite
- Designed UI assets and game cover, assisted with sprites creations as well

Dream Hoppers (Academic / Personal)

Feb – April 2024

- Designed pixel art animations for the main character and enemies, bringing them to life with fluid motion and character-specific traits.
- Created visually appealing backgrounds, tiles, and interactive UI elements in Photoshop, contributing to a rich visual narrative.
- Implemented feedback from peers, refining the art style and enhancing the overall user experience.

EXPERIENCE

RIT Dining Commons*Food Service Worker***Rochester, NY***Present*

- Demonstrated strong multitasking abilities and effective teamwork under pressure.
- Led team initiatives to streamline order processing, showcasing leadership and adaptability.

Rochester Institute of Technology*Teaching Assistant***Rochester, NY***Sept 2023 – Dec 2023*

- Assisted in managing course logistics, including grading and assignment tracking.
- Fostered communication between students and faculty to ensure clarity on assignments.

LEADERSHIP & INVOLVEMENT

Peace Islands Institute, High-School Mentor***Sept 2023 – Present***

- Mentored and guided high school students in personal development.
- Provided one-on-one support, encouraging students to set and achieve goals.

Buffalo UP, Kids Activities Teacher***June 2021 – May 2023***

- Designed and facilitated creative activities for children, catering to varying skill levels.
